- Max Load: 10 x Beam/Dome
- CE Compliant
- CUL Compliant
- Easy Wall Mount Installation
- Low Profile Case
- Size: 145mm x 230mm x 45mm

The GDSBSPS1-D is a single zone DMX power supply for the Blue Dome and BlueBeam range of light fittings. It is the ideal Power Supply when designing a small scale installation or multiple location within a single venue.

The unit is compact in its design and can be wall mounted for permanent installation or adapted via Hook Clamp to be temporarily installed.

With the DMX card the BSPS1-D can be addressed by any DMX control unit or via Blues System RS485/233.
